The Official Newsletter Publication of The Gardens Trust

The Gardens Trust is the only UK national charity dedicated to the research and conservation of designed landscapes in England and Wales and to campaigning on their behalf. The Gardens Trust, as the statutory consultee in England for registered parks and gardens, plays a key conservation role, and more widely supports the County and Country Gardens Trusts in protecting and conserving our landscape heritage. The Gardens Trust was formed in 2015 from the merger of the Garden History Society (GHS) and the Association of Gardens Trusts (AGT).

The Gardens Trust brings together people from many backgrounds united by a love and concern for historic parks, gardens and designed landscapes and an interest in the factors that shaped them: the history of our garden heritage, the discovery and introduction of plants, garden archaeology and the relation of park and garden design to architecture, art, literature and society.

Members also include key personnel from, County Gardens Trusts, the IHBC, Amenity Societies, Building Preservation Trusts, Landscape Practices, Heritage Lottery Fund, Heritage Open Days, National Trust, Historic Houses Association, the Arts Society, Garden Museum, Historic England, English Heritage, CPRE, Natural England, local authority planning departments, local authority Historic Environment Records.

Our Charitable Objectives

The charitable objectives of the Gardens Trust are for the public benefit:

- To promote the study of the history of gardens and gardening, landscape gardening and horticulture in all its aspects
- To promote the protection and conservation of historic parks, gardens and designed landscapes and to promote and advise on their conservation
- To promote County and Country Gardens Trusts and through them education, appreciation and involvement of the public in matters connected with the arts and sciences of garden land
- To encourage the creation of new parks, gardens and designed landscape
